Programme Document workshop

The aim of the workshop is to support the consultation process on the Programme Document which was developed as the main objective of the JOPRAD project “Joint Programming on Radioactive Waste Disposal”.

The Programme Document:

- Sets out the scientific and technical basis for the development of large programmes focused on agreed priorities of common interest between WMOs, TSOs and Research Entities on Radioactive Waste Management and Disposal (inc. pre-disposal).
- Defines a joint Strategic Research Agenda that will be made available to the European Commission for its use in the preparation of future calls for a Joint Programme.
- Aims to integrate the involvement of Civil Society and to support the development of radioactive waste management and disposal capabilities in Member States with Less Advanced Programmes (LAPs).
- Incorporates strategic and horizontal activities.

This project has received funding from the Euratom research and training programme 2014-2018 under grant agreement n° 653951

11:00-12:10	An overview of the prioritisation methodology and SRA in the JOPRAD Programme Document (Ellie Scourse) iKMS Overview (Gunnar Buckau) Question session
12:10-12:30	Way Forward for Joint Programming (Marie Garcia)
12:30-14:00	Lunch

Agenda (continued)

Parallel Sessions

14:00-15:00 Parallel sessions, Rapporteurs:
 A. Governance/finance
 B. IKMS activities
 C. R&D activities

15:00-15:30 Coffee Break

Plenary session 2 - Jacques Delay Chair

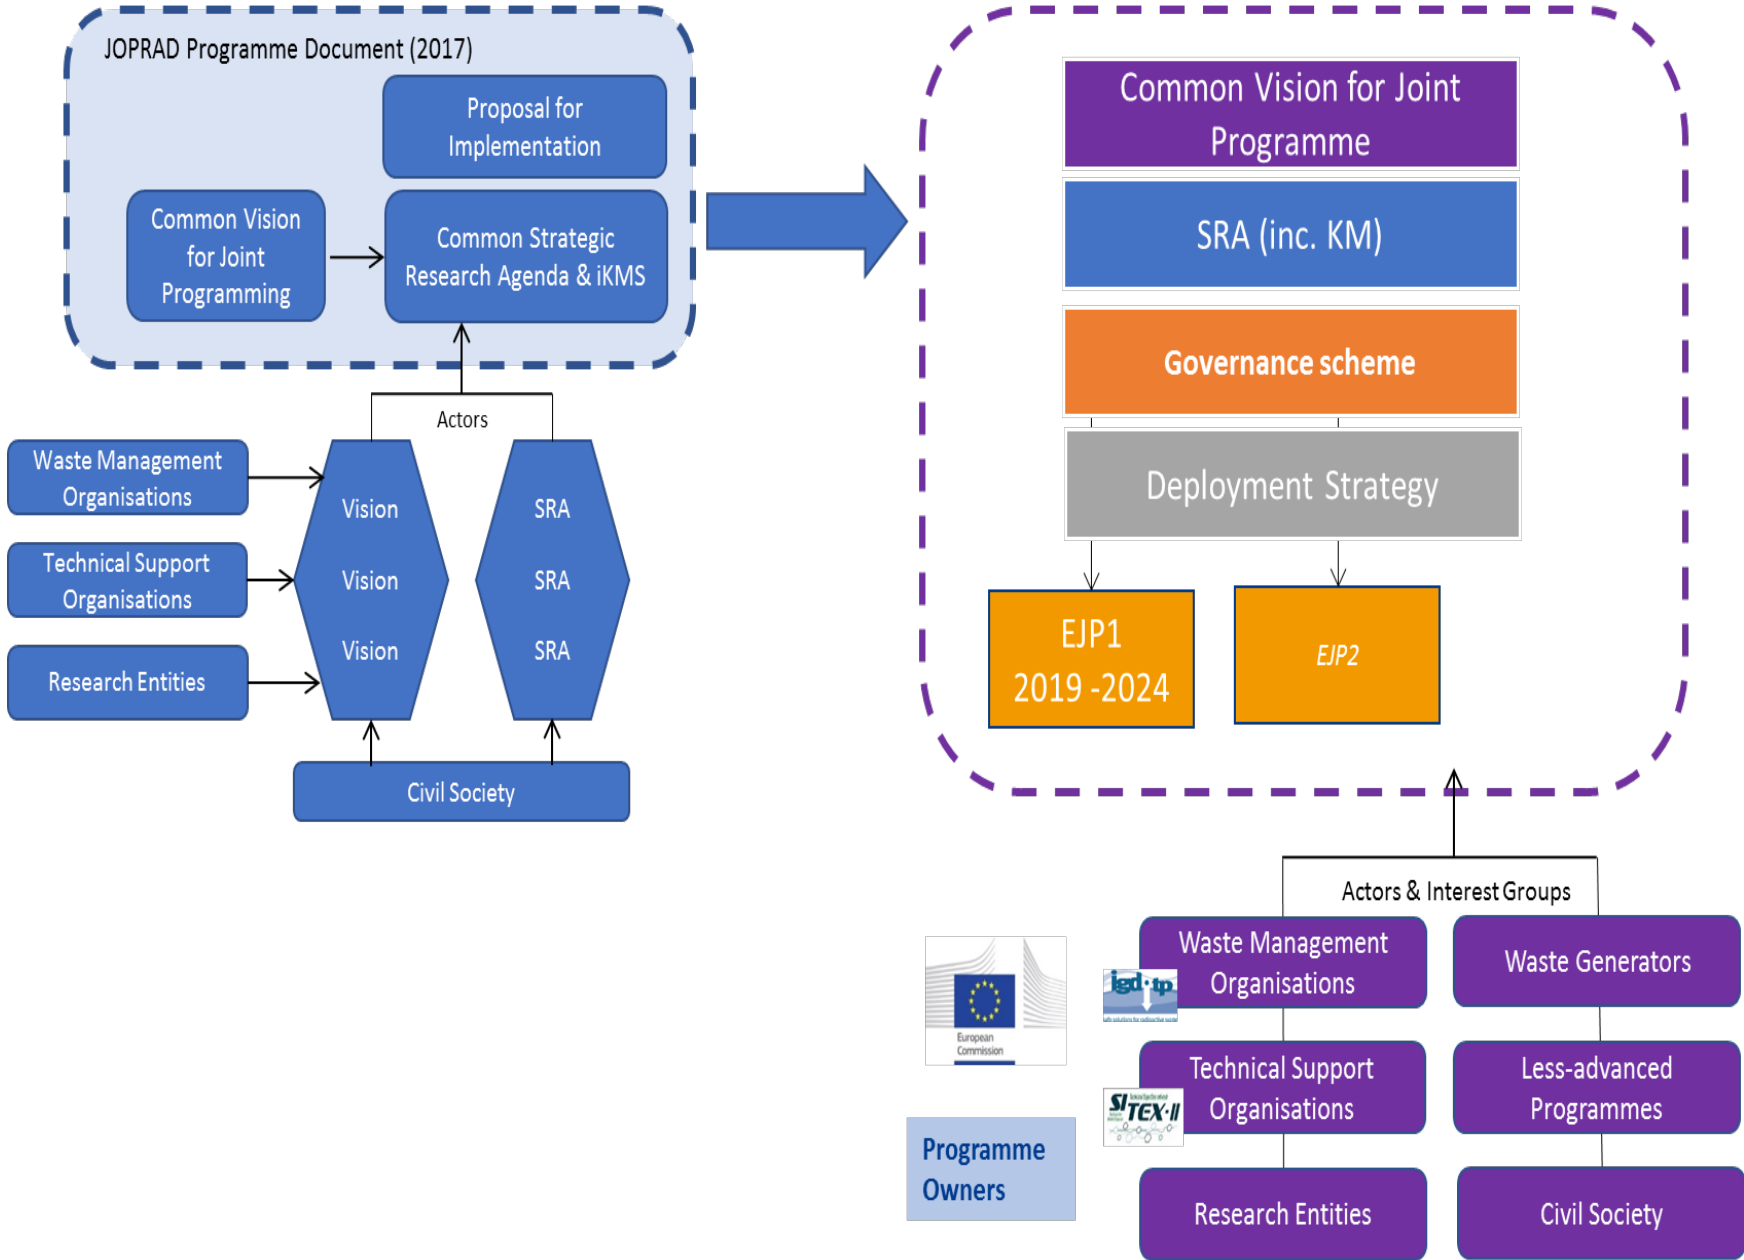

15:30-16:00 Feedback from parallel sessions – Rapporteurs (10 mins each)

16:00-16:45 Benefits of Joint Programming for National Programmes (Ministries from France - Mayeul Phélip and Greece - Christos Housiadas)
 Requirements for participation in a future Joint Programme (Marie Garcia/Stephan Schumacher)

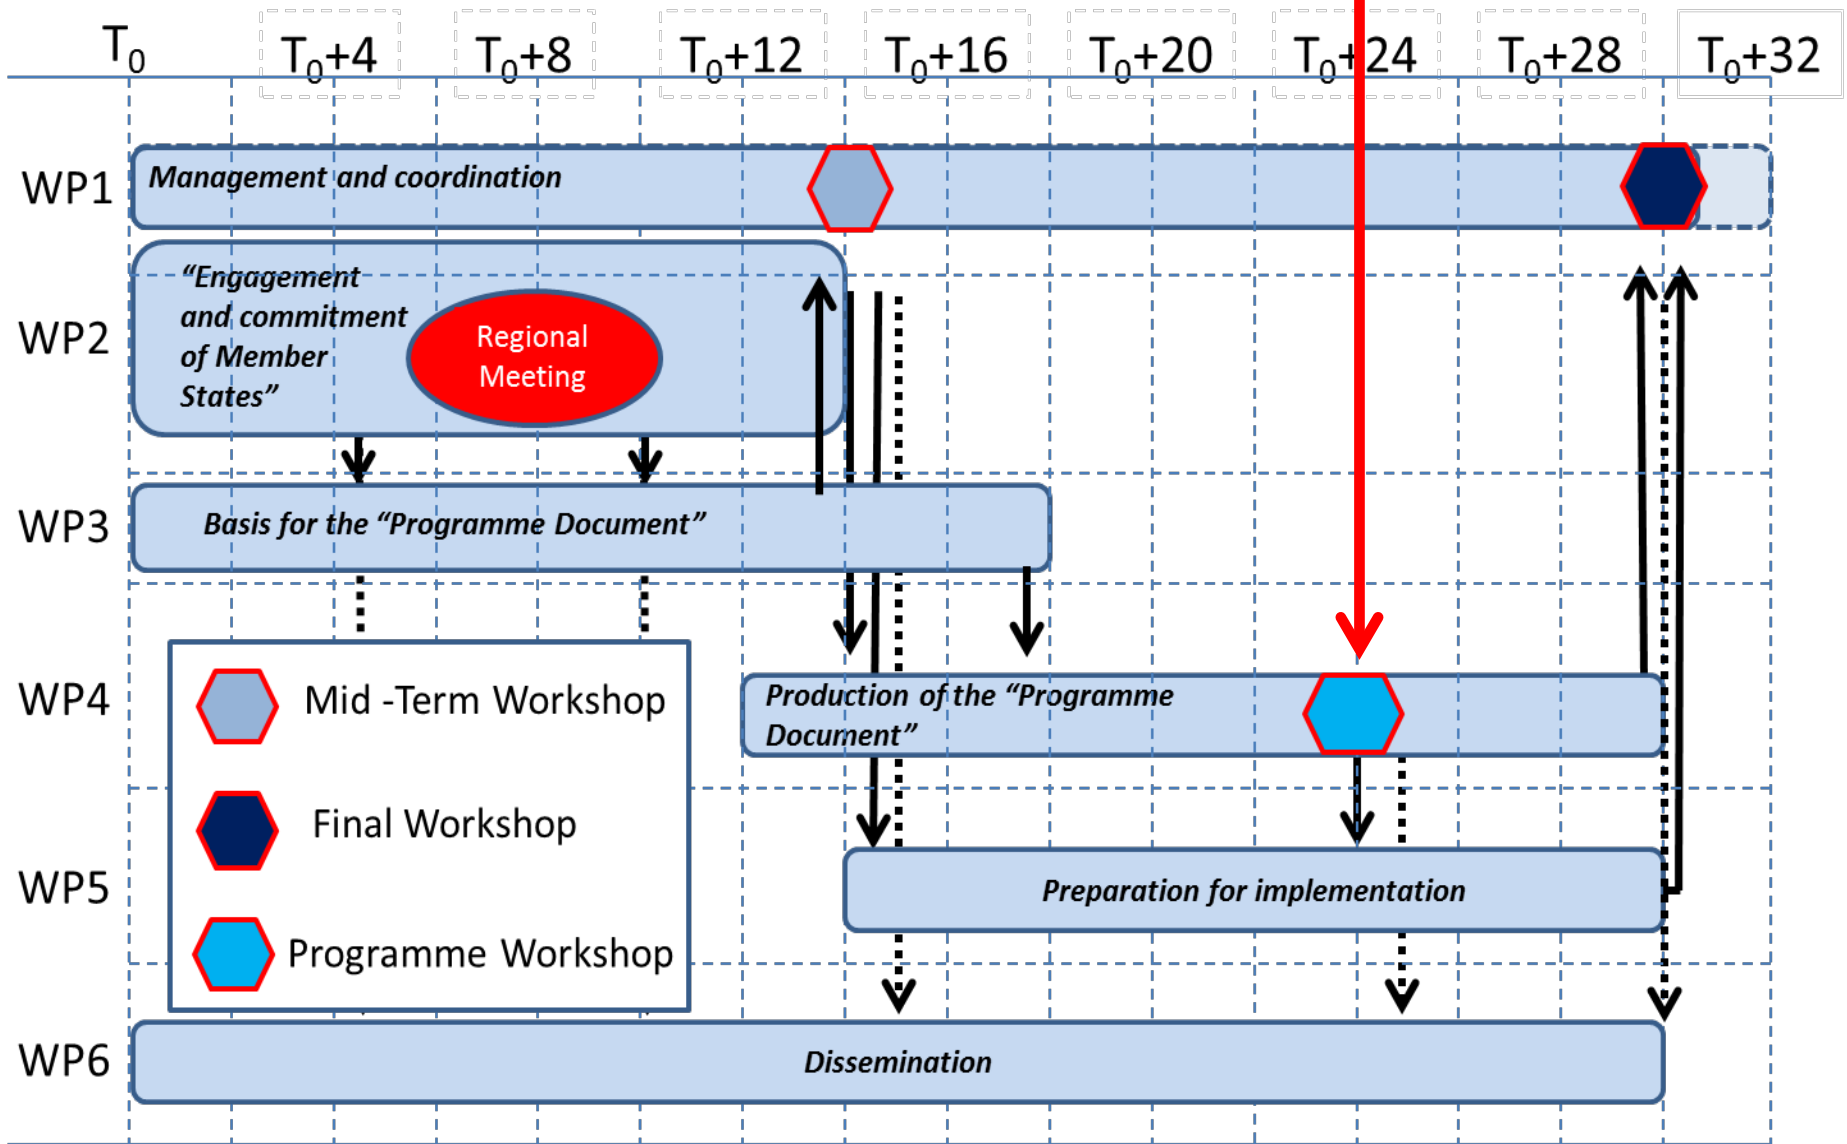

16:45-17:30 Discussion (Christophe Davies, Frederic Plas, Bernd Grambow, Gilles Hériard-Dubreuil & Christophe Serres)

17:30 Closure of meeting

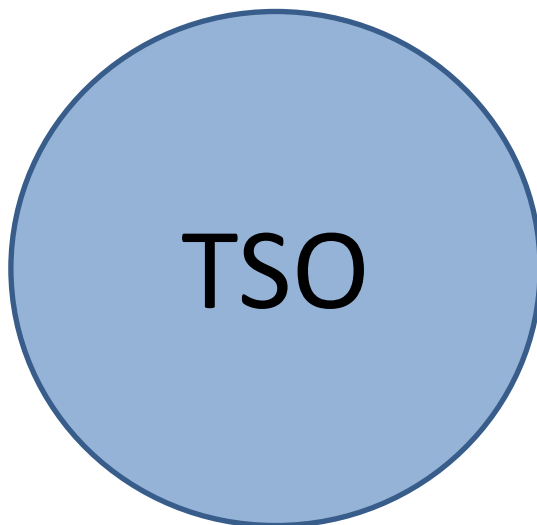

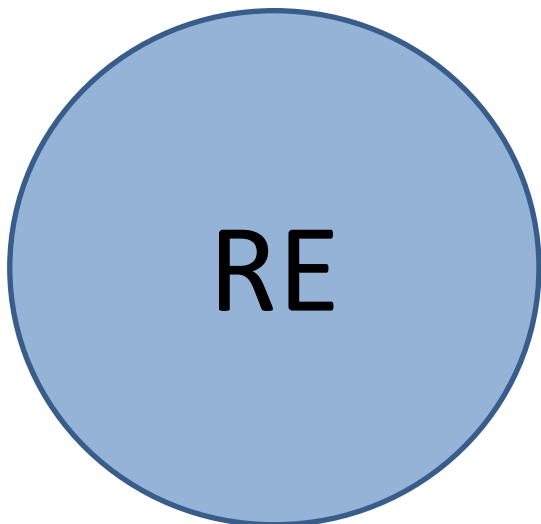

Future Joint Programme

Where we are

Stage 1 Development of individual SRAs

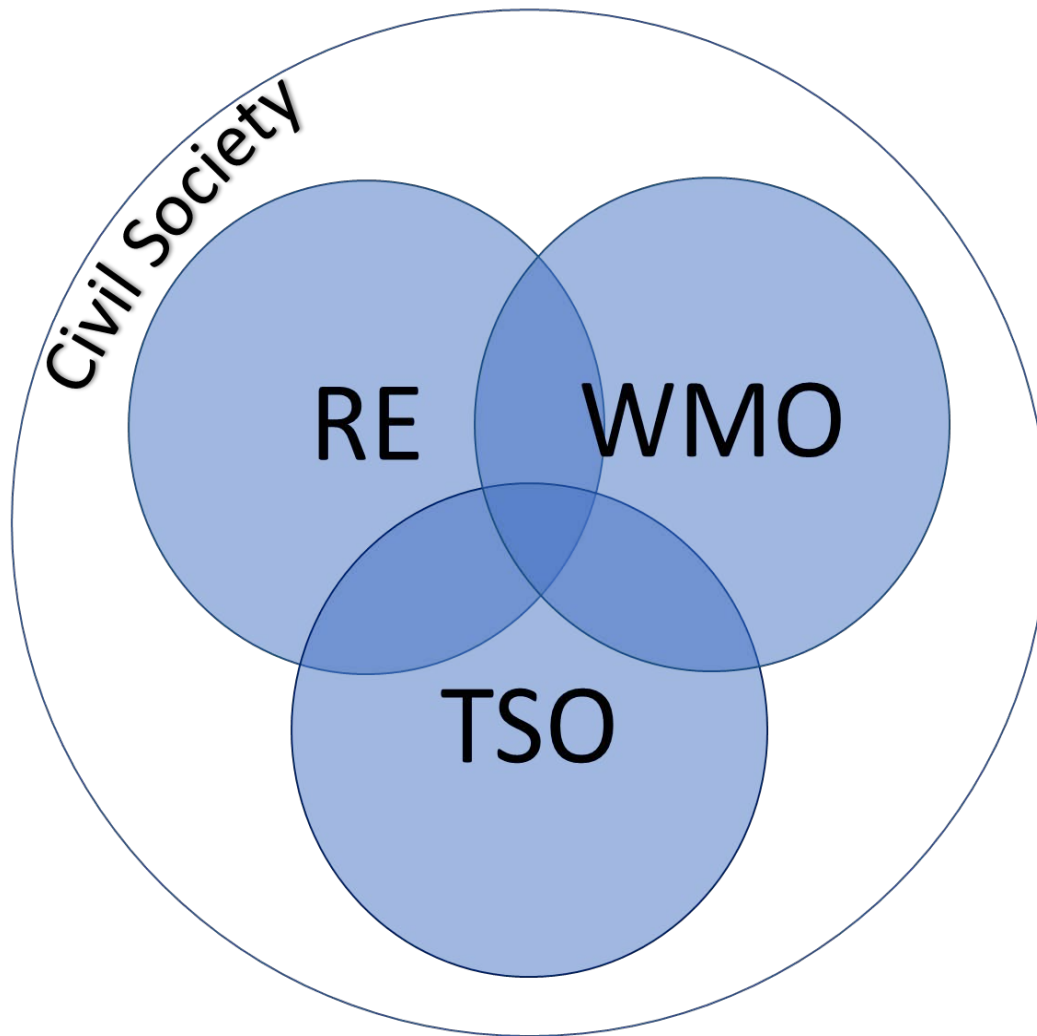

Stage 2 Sharing and Discussion

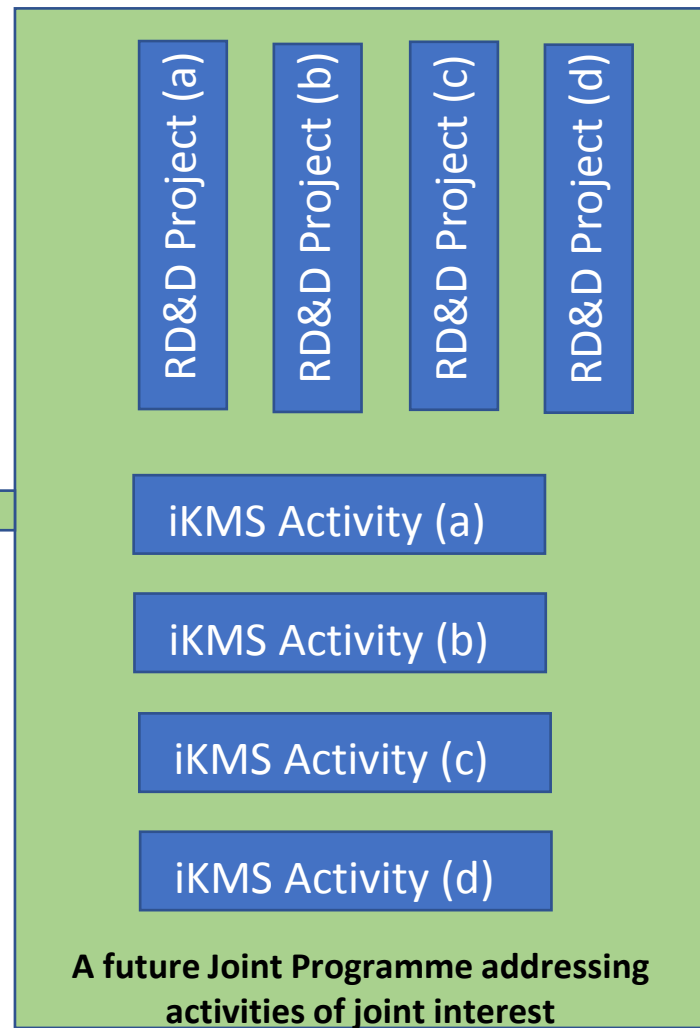

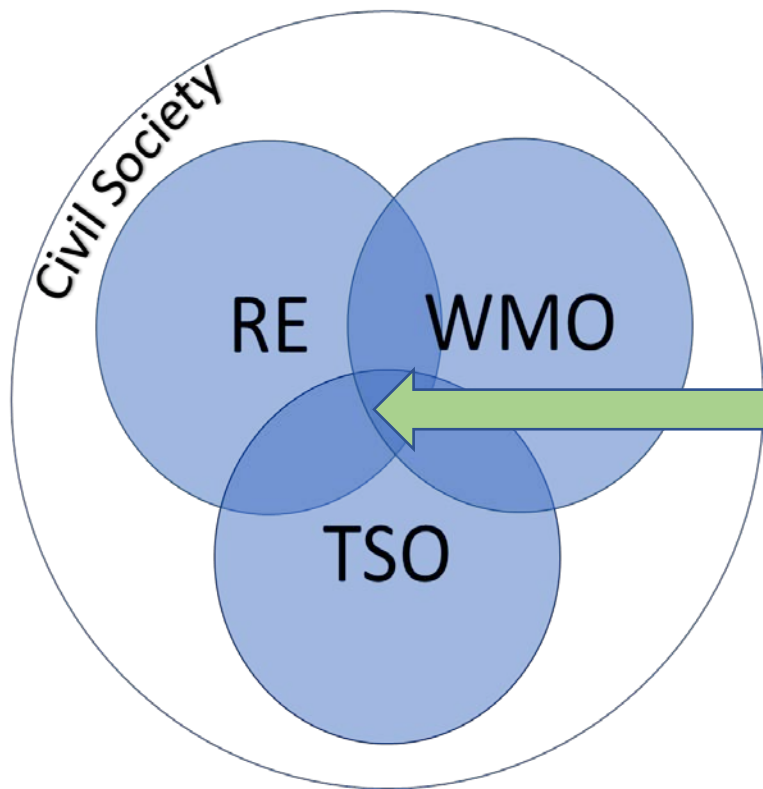

Vision: A step change in European collaboration towards safe radioactive waste disposal through a credible and sustained science and technology programme fostering mutual understanding and trust

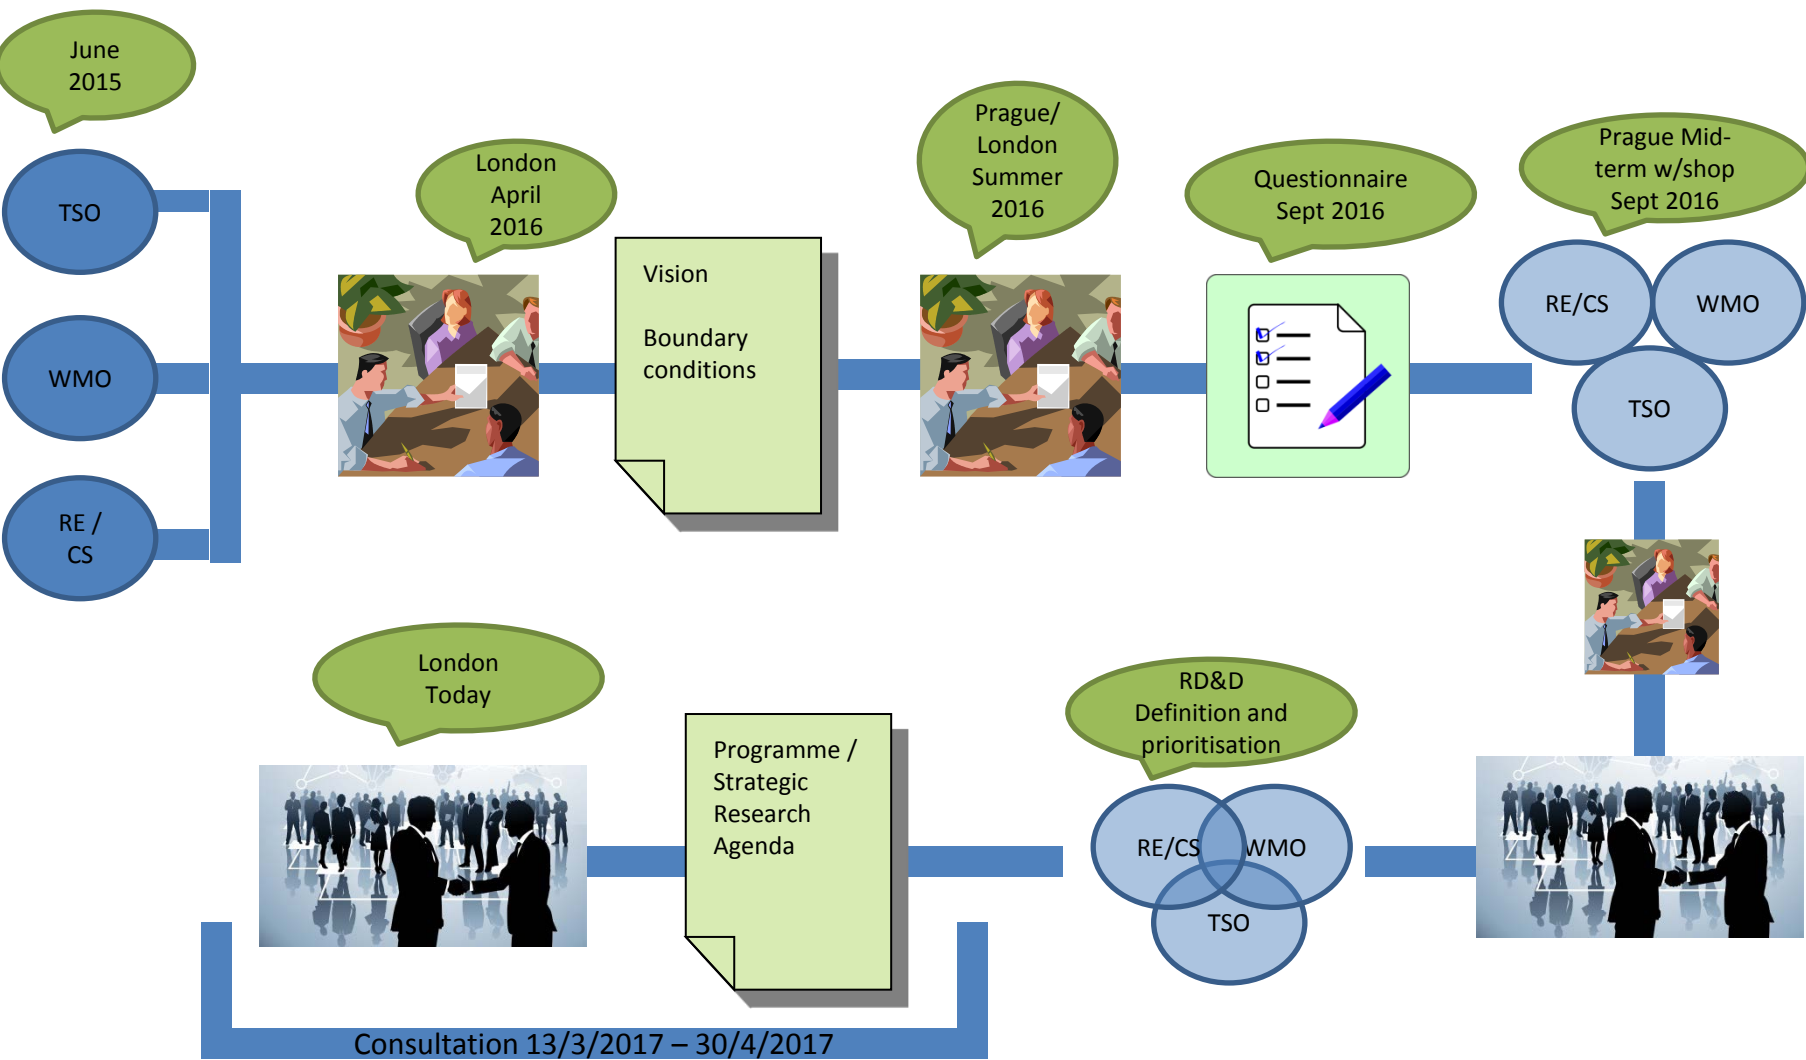

Stage 3 Identification of common areas of interest

Stage 3 Identification of common areas of interest

Programme Development Timeline

This project has received funding from the Euratom research and training programme 2014-2018 under grant agreement n° 653951

April, 2017

Outputs from workshop for consideration

As part of the consultation process:

- Are there any scientific, technical or knowledge management topics you consider that are missing in the document?
- Are there any scientific or technical topics you consider should have a higher or lower level of common interest, than currently scored? If so, please provide a clear description of why.

Responses to consultation needed by 30th April 2017

Thank You !
