

# Session 4: Questions for panelists

Regional Meeting 04/02/2016

Jacques Delay, JOPRAD Coordinator

*This project has received funding from the Euratom research and training programme 2014-2018 under grant agreement n° 653951*

- How can the forthcoming Joint Programming be effective in supporting Member States Radioactive Waste Management Programmes, in particular Geological Disposal

- How to attract Member States to contribute to the JOPRAD project and eventually participate in the Joint Programming?
- How can potentially mandated actors become involved in the different JOPRAD Working Groups?
- How are the participants to Joint Programming mandated?
- What is the potential support for Member States in implementing the Waste Directive?
- How to structure the decision making process in setting RD&D and horizontal activities priorities?
- How can responsibilities and governance of the Joint Programme be agreed upon?
- How, in which phases and which activities can Civil Society be effectively regarded and/or involved?

# Thank You !

## The Joint Programming
