Were we stand

Tentative planning for a future call

Exchange Forum in Cordoba October 25-26, 2016

- The IGD-TP's seventh annual Exchange Forum will inform the community on the outcomes of the recently completed projects and collectively explore the potential of future Joint Activities
- The Exchange Forum will also summarise the future research needs as currently envisaged by WMOs, TSOs and Research Entities, and open the discussion up to the audience via a panel question and answer session
- This Exchange Forum will help in preparing for future projects, calls, and also initiate or increase interaction between research organizations, waste producers and waste management organizations.
